

Heritage PTO Family Service Project:

In harmony with the mission of Heritage to build the character of our youth and to honor those who have served our country, we are excited to be participating in the East Valley Veteran's Day Parade on **Monday, November 12th** as our PTO family service project this year!

We are looking for some awesome volunteers to help out with this project! Please email Mrs. Oakes if you are interested at: goakes@heritageacademyaz.com

We would like to recognize any military veteran family members of our scholars by having them ride on a float in the parade. We would also like to recognize any veteran family members who have passed or are unable to ride in the parade by creating a star with their name and having family members walk holding the star in the parade. Please send Mrs. Oakes an email if you have any veterans in your family you would wish to recognize.

Additionally, we will need a truck and trailer (maybe two, depending on the number of veterans) for the float. We invite all family members who would like to walk beside the float to have their Heritage scholars wear their uniforms and all other family members dress in appropriate red, white, and blue clothing.

Please be watching for updates on this project.
